ALLIES CAPTURE MORE TRENCHES AT DARDANELLES FROM OTTOMANS

Invaders Make Another Dashing Advance Up Peninsula of Gallipoli, Charging Turkish Lines Carrying Important Earthwork

FRENCH TROOPS BEHAVE SPLENDIDLY, SAYS PARIS

French Eyewitness Declares Muslims Are Running Short of Ammunition and All Prisoners Taken Say Defense Is Hopeless

(Associated Press by Federal Wireless.)
PARIS, July 16.—Another advance by the Allies up the Peninsula of Gallipoli is reported in an official bulletin.

While the warships of the allied fleet poured shells into Fort Achi Baba and the land batteries on the Asiatic coast, the French, with the British colonial detachment at their elbows, charged the Turkish lines and carried an important section of trenches.

"The behavior of the Algerian Zouaves," says the bulletin, "and of our Foreign Legion was magnificent in its dash and determination. The trenches were found filled with dead and several hundreds of prisoners were taken."

Turks Are Weakening
The French eyewitness in a long report on the general situation at the Dardanelles, declares that the Turks are running short of ammunition and that the heavy punishment to which they have been subjected has robbed them of their powers of resistance.

For the last six weeks it is known that no ammunition has reached the Turks through the Balkan states, and the scarcity of skilled labor and the lack of raw materials has reduced the output of the two chief ammunition factories almost to zero.

Germans Dominate Soldiers
Prisoners captured by the Allies report that their comrades willingly would surrender, but that the stern measures taken by their German officers make it difficult for them to do so.

Machine guns manned by trusted soldiers are mounted at commanding positions and, on the slightest sign of weakening by the Turks in advance positions, the gunners in the rear do not hesitate to spray them with bullets.

Field Marshal von der Goltz is reported to have informed the Porte that, if he cannot have 300,000 more men, he will not assume to be responsible for the defense of Constantinople.

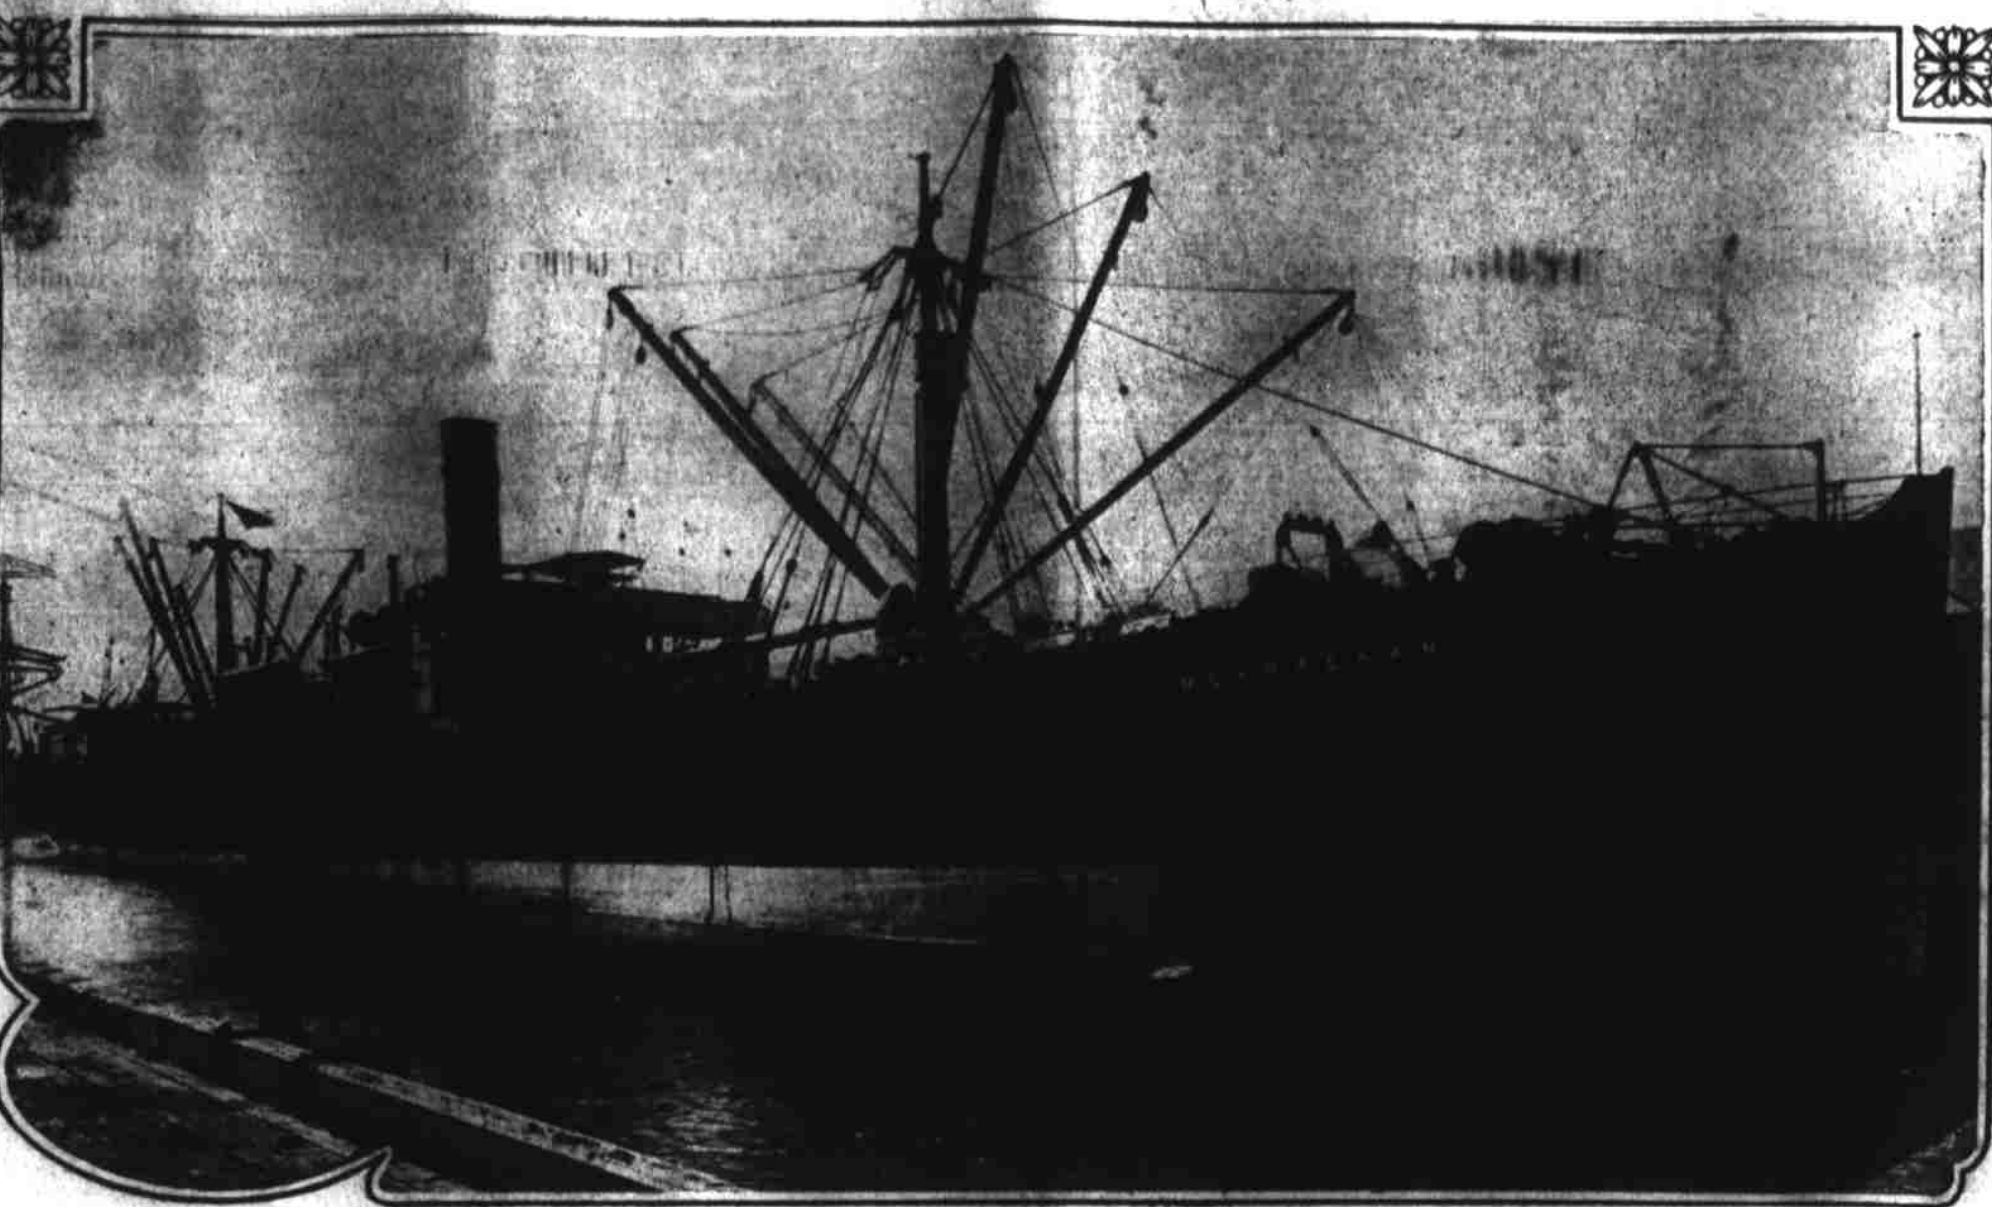

German Newspapers Approve of Austria

(Associated Press by Federal Wireless.)
BERLIN, July 16.—The publication here yesterday of the text of the Austrian protest to the United States is received with a chorus of editorial approval. The press is particularly enthusiastic over the Austrian contention that, whatever the technical justification of an established traffic may be, it ceases to have moral justification and becomes itself unethical, when it jeopardizes the neutrality of the nation which permits it. This, the editors point out, agrees with the German position that no traffic which injures to the exclusive benefit of one party to a controversy can be regarded as neutral.

RESIGNATION OF ENVOY TO RUSSIA IS DENIED

(Associated Press by Federal Wireless.)
CORNISH, New Hampshire, July 16.—President Wilson has no knowledge of published reports that George T. Marry of San Francisco, the American ambassador to Russia, has resigned. Official denials of the report were made yesterday by the state department at Washington.

American-Hawaiian Freighter Nebraskan, Which Germany Regrets Having Torpedoed

Liberty Bell Is Kissed By War Veterans

Two Hundred Thousand Persons Stand Around Relic While Old Soldiers Weep

(Associated Press by Federal Wireless.)
PORTLAND, Oregon, July 16.—Two hundred thousand persons crowded to the railway station yesterday to greet the Liberty Bell on its journey in a special train to the San Francisco exposition.

As a mark of respect, the great crowd stood bareheaded, Veterans of the Civil War, who fought to preserve the Union, kissed it with tears streaming down their cheeks.

Cheer after cheer went up from the entire assemblage as the train moved off, southbound.

GENERAL SCOTT'S UTE NOT GUILTY

Rebel Indian Chief of Staff Captured Single Handed Acquitted of Murder

(Associated Press by Federal Wireless.)
DENVER, July 16.—Tae-Ne-Gat, the rebel Ute, who went on the warpath at the head of a numerous band, when a sheriff's posse sought him with a warrant for the murder of Juan Chacon, a sheep herder, was acquitted here yesterday by a jury.

Gen. Hugh Scott, chief of staff, who captured him single-handed, telegraphed from Washington, when he heard of the verdict: "I am glad he was acquitted. I always have believed he was innocent."

General Scott, by his knowledge of Indian habit of thought persuaded Tae-Ne-Gat to surrender without resistance. Now that he obtained justice from the white man's courts, it is believed his return to his tribe will do much toward bringing them to a more reasonable attitude of mind toward officers of the law.

LITTLE NEWS COMES OF ITALIAN CAMPAIGN

(Associated Press by Federal Wireless.)
LONDON, July 16.—Rigorous censorship allows little news of the Italian campaign to trickle through from Rome. Vienna reports in the latest bulletin that the Italian infantry was severely repulsed at Palazzo, and that artillery engagements continue on the remainder of the front.

MANY MISSIONARIES IN FLOODED REGION

One Hundred Religious Workers in Danger in Inundated Districts of China

(Associated Press by Federal Wireless.)
WASHINGTON, July 16.—One hundred American missionaries are estimated to be in danger from the destructive floods which are sweeping the provinces of Kwantung, Kwangsi and Kiangsi, in which they are stationed.

TEN THOUSAND DROWNED
(Associated Press by Federal Wireless.)
HONGKONG, July 15.—Not less than ten thousand are estimated to have been drowned in the great flood. Canton is isolated except to steamers powerful enough to stem the sweeping torrents. Thousands of homes have been buried by the waters. Many foreigners have taken refuge in the British consulate at Fuchow. No casualties among American residents have been reported.

ANTI-ALIEN LAW WILL BE TESTED

(Associated Press by Federal Wireless.)
SAN FRANCISCO, July 15.—The Yuba county superior court will be called upon to decide the right of a Japanese woman born in Japan to inherit her husband's realty holdings. The estate is that of one Itarotani. The case is interesting because it involves an interpretation of the anti-alien ownership law. The Japanese Association has engaged counsel to watch the proceedings.

COAST LAUNDRYMEN TO FIGHT JAPANESE

(Associated Press by Federal Wireless.)
SAN FRANCISCO, July 15.—The California Laundrymen's Association, which is holding its annual convention here, occupied much of today with a discussion of an organization of white laundrymen to drive the Orientals on the coast out of business. This was advocated in a speech by W. I. Bonsor, secretary of the Anti-Japanese Laundry league.

JAPAN DAY AT EXPOSITION

(Special to The Hawaii Shippo.)
SAN FRANCISCO, July 15.—Japan Day at the Panama-Pacific exposition will be celebrated August 17.

CASE KNIVES TAKE PLACE OF BAYONETS

KAISER MAKES PEACE PROPOSAL
London Paper Publishes This Report

(Associated Press by Federal Wireless.)
LONDON, July 16.—As a sequel to the publication a few days ago in The Times of a purported interview between the Kaiser and the leading bankers of the empire, the morning papers today print reports, said to originate in "quarters closely in touch with influential Germans," that Germany is secretly making tentative peace proposals.

The Times interview was to the effect that the leading bankers warned the emperor that, if peace did not come soon, the empire would be bankrupt.

The Kaiser was said to have informed them that he looked for peace in October.

French Armed With Heavy 'Stick-ers' For Freer Work At Close Quarters

(Associated Press by Federal Wireless.)
PARIS, July 16.—What the war of the trenches is like may be inferred from the fact that the French troops are being supplied with short heavy case knives, instead of the heavier, more cumbersome bayonet, in order that they may have freer play for work at close quarters.

The official night bulletin reports that it is "relatively calm" in the Argonne, though isolated struggles underground with hand grenades never stop.

In spite of the contradictory claims of the opposing commanders, the sanguinary fighting of the last few days in that district appears to have resulted in no appreciable change in the alignment.

SECRETARY OF NAVY CONFERS WITH EDISON

(Associated Press by Federal Wireless.)
WASHINGTON, July 15.—Secretary Daniels today made a visit to West Orange, New Jersey, where Edison's great plant is situated, to confer with the noted inventor on the plans for the new civilian bureau of invention, of which Edison has consented to become the head.

GERMAN SPY IS SHOT

(Associated Press by Federal Wireless.)
LONDON, July 16.—Robert Rosen, a convicted German spy who was regarded as an American, was shot yesterday in the Tower of London. Before the sentence of death was executed, he confessed.

AUSTRO-GERMANS ABANDON DRIVE

Heavy Losses Prompt Teutons To Begin New Turning Movement Against Russians

(Associated Press by Federal Wireless.)
LONDON, July 16.—Heavy losses north of Lemberg seem to have counseled the Austro-Germans to abandon the culminating effort of their great drive against Russia, which had for its object the capture of Warsaw by a flanking movement from the south.

Instead, the Germans are now advancing from the north on a wide front. When their new offensive has fully developed, it is expected that it will extend from the Baltic to the Vistula.

In the execution of this new huge turning movement, the Germans yesterday occupied Przrasnys and Konyas, stormed the heights northeast of Suwalki, and took many prisoners south of Kolno.

NO CHANGE IN SITUATION

(Associated Press by Federal Wireless.)
VIENNA, July 15.—No changes in the Russian theater of hostilities are reported in the latest official Austrian bulletin, though local successes on the banks of the Dniester are reported.

BRITISH ARE HELPING SERBS FIGHT AUSTRIA

(Associated Press by Federal Wireless.)
LIVERPOOL, July 16.—Official confirmation was given yesterday to the news that has been coming unofficially from the Balkans that a British force is now in Serbia, cooperating with the Serbs against the Austrians. In addition to a naval force, serving as gunners, the British have sent a large number of infantrymen to the Serbian front.

VLADIVOSTOK TRADE LARGE

(Associated Press by Federal Wireless.)
SEATTLE, July 15.—During the first half of 1915 shipments valued at \$41,720,000, mostly in goods formerly obtained in Germany, have gone from this port to Vladivostok.

FIRE DESTROYS SUGAR

(Associated Press by Federal Wireless.)
HONOLULU, Philippine Islands, July 15.—A disastrous fire here today destroyed numerous buildings and destroyed 3300 tons of sugar.

Socialists of France Declare Conflict Just

National Congress Unanimously Favors Continuance of War To Bitter End

(Associated Press by Federal Wireless.)
PARIS, July 16.—Despite the statement presented by the Socialists of Germany in their appeal to the government to make the first advance for peace, that it could be expected that the Socialists of France, Belgium and Great Britain could be relied upon to back up any peace proposal, the delegates to the national congress of French Socialists, now in session, have gone on record as unanimously in favor of the continuance of the war to the bitter end.

The delegates passed, without a dissenting vote, resolutions affirming the faith of the French Socialists in the cause of the Allies and Republican France and their "unshakable confidence" in the outcome of the struggle now raging in Europe.

MORGAN WATCHES RACE OF SLOOPS

Victim of Muenters Bullet Sees Resolute Defeat Vanitie, America's Cup Defender

(Associated Press by Federal Wireless.)
LONDON, July 16.—J. Pierpont Morgan is so far along the road to complete recovery from the wounds inflicted upon him by the assassin, Erich Muenters, that he was able yesterday to witness from the deck of his steam yacht Corsair the deciding race between the sloops Resolute and Vanitie, built to defend the American cup against the Shamrock IV, Sir Thomas Lipton's challenger.

Resolute of the New York Yacht Club defeated the Boston contender by nineteen seconds and will defend the cup.

The trials this year and last year have shown Resolute to be beyond question the abler sloop.

NORWEGIAN SHIP SUNK

(Associated Press by Federal Wireless.)
LONDON, July 15.—The Norwegian steamer Rym was sunk yesterday by a submarine and the second engineer killed.

BERLIN REGRETS SUBMARINE RAID UPON NEBRASKAN OFF IRISH COAST

Officially Admits Act Was Wrong And Agrees To Make Reparation, Thus Closing Incident So Far As America Is Concerned

NOTE FROM AUSTRIA PUZZLES WASHINGTON

United States Already Has Defined Its Policy Regarding Exportation of War Munitions—British Say Vienna Sounds Warning

(Associated Press by Federal Wireless.)
WASHINGTON, July 16.—

Count von Bernstorff, the German ambassador, and Secretary of State Lansing are to hold a conference today at the state department. While nothing has been officially admitted, it is taken for granted that the German-American situation, as it has developed following the second Germany reply, will be discussed.

The state department announced yesterday that it was in receipt of a memorandum from Berlin dealing with the torpedoing of the American-Hawaiian steamship Nebraskan off the Irish coast on May 26. The American freighter, although badly damaged, was not sunk and was able to return to Liverpool under her own steam.

Berlin Regrets Incident

In officially admitting that the Nebraskan was attacked by a German submarine, Berlin takes occasion, to express regret at the occurrence and announce readiness to make reparation. The German government gives assurances that the attack "was not meant for the American flag but it will be considered an unfortunate incident."

Secretary of State Lansing made public yesterday the German memorandum on the matter. At the state department it is said that the incident is closed, so far as America is concerned, except for the formality of arranging the money payment in reparation.

Germany explains that the submarine met the steamer off the Irish coast and, noticing no flag or markings to indicate the nationality, thought the vessel was British.

Austrian Note Puzzling

The Austrian note of June 29, made public Wednesday, objecting to the sale by the United States of munitions of war to the Allies, is somewhat of a puzzle to the Administration.

The question already has been treated at length in the course of correspondence with Germany, where, though the technical and legal right of the United States to deal in contraband is admitted, it has aroused deep resentment as a moral violation of neutrality, in German eyes.

One of Count von Bernstorff's protests was so strongly worded that President Wilson, in acknowledging it, took occasion to remind him that his language might be construed to impugn the good faith of the Administration.

The British version is that the note is intended as a warning to America that, if the United States goes to war with Germany, Austria will stand by Germany.

President Wilson at Cornish has progressed far enough with his first draft of a reply to the latest German note on the Lusitania crisis to have arrived at a definite outline of the American position.
